

LANGUAGE & LITERATURE

TO READ BROADLY AND WRITE PASSIONATELY

ARE YOU READY TO GO ALL IN?

Expand your imagination. Pursue your passion for studying language and literature.

Imagine yourself teaching your own class. Preparing your first book manuscript. Developing marketing content. Problem-solving in Human Resources. Wherever God leads you, you'll be ready for a rewarding career.

Immerse yourself in communities and experiences outside of the classroom through trips and travel. Enhance your analytical and creative writing skills. Be mentored by published faculty, building on a Christian foundation.

OUR GRADUATES WORK AS:

- Writers/Editors
- English Teachers
- Librarians
- Counselors
- Brand Strategists
- Web Designers
- Senior Pastors
- Interpreters/Translators
- Diversity and Inclusion Officers
- Lawyers/Paralegals
- Videographers/Editors
- And many more careers!

ENGLISH

What can't you do with an English major? The skills you'll acquire can take you anywhere. Build your career in fields such as education, publishing, counseling, law, or marketing.

Enhance your creativity and cultural awareness. Shape your own worldview, informed by the study of famous authors like Shakespeare, Austen, Dickinson, and Hurston.

ADOLESCENCE & SPECIAL EDUCATION: ENGLISH

Do you remember the English teacher who made the stories come to life? Be that person for the next generation.

This Education major will show you how to follow your calling and share your love for literature.

GENDER STUDIES (MINOR)

Gender impacts everyone. Earn a minor in gender studies to explore how gender, race, sexualities, and other identities function in and contribute to society.

The interdisciplinary courses are grounded in the belief that women and men are created by God with equal standing in all areas of life, as championed by our founder B.T. Roberts. You'll learn to make more informed decisions, think critically, and create a positive impact.

STUDENT SPOTLIGHT

"I could not ask for a better support system through my time at Roberts. I have had the privilege to meet many classes of wonderful students and teach both whole and small group lessons. I have been learning how to prevent and handle challenging student behaviors, how to pace lessons, and how to write engaging lesson plans that involve the use of technology.

After I graduate, I plan to enroll in one of Roberts' online master's degree programs while working as a substitute teacher. I'm excited to work as an English teacher!"

— Alyssa Turner '24 (Adolescence Education English)
